

**These pages:**  
 This house was inspired by the influential US architect Frank Lloyd Wright. Its owners have remained true to his guiding design principles of placing a home's occupants close to the natural elements in the landscape that surrounds it – earth, water, plants and sky.

**kingwood furniture** proud suppliers of the wooden fittings in this outstanding home

- Design solutions for your home and office.
  - Furniture individually crafted for you.
  - Timber machining of mouldings, flooring and componentry.
- If it's timber we can do it.*
